EXPERIENCE

University of Delaware
Undergraduate Teaching Assistant

Newark, DE
08/2024 - Current

- Teaching Assistant for UD's Introduction to Computer Science 1 courses (CISC106 & CISC108, taught in Python)
- Held practicum sessions for a class of over 25 students, consisting of a lecture, activity, and Q&A session
- Held office hours to assist students with any issues related to the course material
- Graded assignments and provided feedback to students

Weed Man Lawn Care USA
Technician

Wall Township, NJ
08/2022 - Current

- Provided quality lawn care service to customers, including but not limited to weed, fungus, grub control, fertilization, and core aeration
- Generated over \$10,000 in sales for the company from June 2024 - September 2024
- Provided technical support to other team members when encountering software issues, increasing productivity

Target Corporation
Associate

Wall Township, NJ
10/2022 - 04/2024

- Provided quality customer services in both the food and beverage and tech departments
- Held managerial responsibilities in the food and beverage department during the evenings, ensuring efficient and smooth operation for the night and a fully prepared work environment for the inbound crew

ACTIVITIES

University of Delaware Men's Crew
Rower

Wilmington, DE
09/2023 - Current

- Dedicated 20+ hours per week to training and competitions while maintaining excellent academic standing with a rigorous course load
- Strived to create an environment of discipline, teamwork and comradery not only within my crew, but the team as a whole
- Created a welcoming environment for incoming freshman walk-ons who have little to no experience with the sport of rowing
- Placed 1st at Head of the Occoquan regatta 2023 in the Novice Collegiate Men's 8+ division
